VINTAGE

Una serie di prodotti senza tempo, al di là delle mode e delle tendenze.

VINTAGE colpisce immediatamente per il suo gusto visivo, per le sue linee che modernizzano forme e tipologie del nostro immaginario collettivo. Proporzioni dimensionali, spirito plastico, meticolosità di ricerca di valori che durano nel tempo, amore per la vita e per gli equilibri, armonia, felicità. Un nuovo modo di celebrare la vita, un design dal sapore universale, capace di vivere in ogni luogo.

A range of timeless products, untouched by trends and fashions.

VINTAGE is instantly striking due to its visual effect, and its shapes that reflect the modern tastes of the collective imagination. Pleasing proportions, a modeled soul, the quest for long-lasting values, a love of life and balance, harmony and happiness. A new way of celebrating life, a universal design, ideally suiting any setting.

“ Il piacere dei prodotti deriva da un insieme sottile e raffinato di componenti, che creano poesia ed eleganza. Essi parlano e caratterizzano il mondo circostante, respirano ed esprimono una bellezza nobile e duratura nel tempo ”.

“ The pleasure products give is the result of a subtle and refined blend of components, creating poetry and elegance. They speak and characterize the surrounding world, breathing and expressing a noble and eternal beauty ”.

ELITE

design by
Ervas & Basilico

ELITE

La nuova linea da bagno ELITE si articola intorno a una serie di prodotti con inserti in materiali di pregio: legni, pietre e vetriliti.

Caratterizzata da uno stile eclettico, innovatore, esclusivo e raffinato, ELITE ha un carattere intenso, forme semplici e audaci, per chi ha il coraggio di ricercare qualità formali e culturali nei linguaggi moderni del design.

The new ELITE bathroom collection features a series of products with inserts of fine wood, stone and vetrilite.

Versatile and innovative, exclusive and refined, ELITE has a strong character, with plain yet bold shapes, for those courageous enough to seek form and cultural qualities in the modern language of design.

“Un design individuale e istintivo, nato per indagare gli aspetti percettivi più intimi dei materiali, della tecnica e della funzionalità. Un amore profondo per i dettagli e per soluzioni creative intese come libera espressione della matita, nella convinzione del ruolo fondamentale assolto dalla cultura del design declinata dalla fantasia”.

Ivan Ervas - Dimitri Basilico - Giulia Girardi

“An instinctively original design, created to enhance the most intimate aspects of the materials, the technology and the functions. A deep love of detail and creative solutions, intended as a free expression of the pencil, convinced of the fundamental role played by the culture of imaginative design”.

Ivan Ervas - Dimitri Basilico - Giulia Girardi

ELOGIO DELLA SEMPLICITA'

L'evoluzione del gusto contemporaneo tende, nel campo del design e dell'immagine, alla realizzazione di prodotti sempre più vicini al nuovo modo di **intendere la casa** come luogo rappresentativo del nostro **stile di vita**.

Smart nasce in accordo con i nostri sensi, suscitando **emozioni tattili e visive**: una nuova linea di accessori da bagno che evoca un ritorno alla **semplicità formale** con un caratterizzante tocco eclettico. Un **legame armonioso** tra forme organiche e geometriche, tra estetica naturale e moderno design, perfettamente calibrati tra loro in un **lusso semplice e discreto**, mai fine a se stesso, sempre al servizio del comfort e della sicurezza.

EULOGY TO SIMPLICITY

In the areas of design, developments in **contemporary taste** point towards the creation of products ever closer to the new **meaning of home** as representative of our **lifestyle**.

Smart stimulates the senses, arousing **tactile and visual emotions**. This new range of bathroom accessories evokes a return to **simple shapes** with a characterising eclectic touch. A **harmonious link** between organic and geometric shapes, between natural aesthetics and modern design, perfectly calibrated in **simple, discreet luxury**, never an end in itself, always at the service of comfort and safety.

"Complicare è facile, semplificare è difficile.

I più grandi progressi della filosofia, della scienza e della cultura si esprimono in termini semplici e chiari. Progettare significa risolvere problemi nel modo più semplice e diretto possibile, con un pizzico di ironia e semplicità nella funzionalità.

Trovare soluzioni o spiegazioni autenticamente semplici è rassereneante, stimolante, piacevole, allegro e, talvolta, entusiasmante."

Ervas Basilico Girardi

"It's easy to complicate things, much harder to simplify.

The greatest breakthroughs in philosophy, science and culture are expressed in clear, simple terms. Designing means solving problems in the easiest, most direct way possible, with a hint of irony, too. Finding solutions or a truly simple explanation is reassuring, stimulating, enjoyable, pleasing - even exciting."

Ervas Basilico Girardi

"Ho dei gusti semplicissimi, mi accontento sempre del meglio." O. Wilde

HELPY

L'arte poetica dei materiali e delle forme: espressività e sensorialità
The poetic art of materials and shapes: expressiveness and sensoriality

design by **Ervas & Basilico**

A woman with long dark hair, wearing a vibrant red spaghetti-strap dress with a keyhole cutout at the bust, is leaning against a rough, grey stone wall. She is looking upwards and to the left with a slight smile. She is wearing a gold necklace and a matching bracelet. The background is a textured stone wall, and the lighting is dramatic, highlighting the contours of her dress and the texture of the wall. A solid red rectangular block is visible in the top left corner of the page.

La complessità della semplicità

La modernità incontra lo stile del design in prodotti - abiti "cuciti su misura", caratterizzati dalla tipica qualità artigianale italiana, sculture senza tempo in armonia con l'uomo.

Il design di Ivab è rivolto ad un pubblico consapevole ed esigente. Particolari "vanitosi", raffinate combinazioni di linee e colori, sapiente lavorazione dei materiali definiscono il modus operandi che anima le nostre collezioni di design, riconosciute ed apprezzate da un ampio contesto internazionale.

The complexity of simplicity

Modernity and style come together in made - to-measure products featuring Italian quality and design: timeless objects in harmony with man.

IVAB products are intended for knowledgeable and demanding users. "Vanity" items, refined combinations of shapes, colours and skilfully crafted materials are the essence of our designer collections, which are loved and appreciated the world over.

"Quando disegniamo le nostre opere, esploriamo le sensazioni delle forme, dei materiali e del linguaggio, creando un complesso gioco romantico di significati ed espressioni. Abbiamo lavorato sul design di HELPY attraverso un lavoro di "sottrazione" estetica. La semplicità formale, la qualità dei materiali e delle lavorazioni individuano segni chiari, puliti, raffinati e duraturi".

"When we design our items, we explore the sensations of shapes, materials and language, creating a complex romantic play of meanings and expressions. We worked on the design of HELPY through a process of "aesthetic subtraction". Plain shapes, quality materials and manufacture give rise to pure, refined and long - lasting items".

"Gustare ogni **attimo**. Percepire lo spazio, viverlo.
Circondarsi di emozioni attraverso **i particolari delle forme**"

Dalla collaborazione fra IVAB Srl, azienda leader nella produzione di accessori da bagno e la Ervas Design & Communication nasce una nuova linea di prodotti, i cui protagonisti assoluti sono estetica e praticità, in un percorso di sensazioni fatto di intuizioni e creatività.

"**savour each moment**. Feel space, and live it.
Surround oneself with emotion through **the detail of shape**"

From the collaboration between IVAB Srl, an Italian leader in the production of bathroom accessories, and Ervas Design & Communication, a new product line has been born. A line where the overall protagonists are aesthetics and practicality, a journey of sensations in which intuition and creativity come alive.

Jeden **Augenblick** genießen. Den Raum wahrnehmen und erleben.
Sich anhand **erlesener Formen** mit Emotionen umgeben.

Aus der Zusammenarbeit zwischen der IVAB Srl, einem in der Herstellung von Badezubehör führenden Unternehmen und der Ervas Design & Communication, geht eine neue Produktlinie hervor, die durch Ästhetik und Funktionalität besticht. Intuition und Kreativität spielten bei ihrer Entwicklung eine ausschlaggebende Rolle.

Gioca, cade, rimbalza e NON SI ROMPE!

I materiali e le loro sensazioni: Play Me è un accessorio da bagno completamente realizzato in silicone atossico. Le sue proprietà di finitura traslucida superficiale, la completa "rimbalzabilità" e l'estrema facilità di pulizia rendono questa gamma di prodotti innovativa, giocosa, unica e "diversa" sia nel suo design che nell'utilizzo.

"Il design per chi crede nelle voci diverse, per chi ama circondarsi di oggetti e di persone a cui affezionarsi.

Colori e trasparenze.

Oggi e domani".

**ivan ervas

Play with it and drop it - it'll bounce and WON'T BREAK!

Materials and sensations: Play Me is a bathroom accessory made entirely of non-toxic silicone. A translucent finish, total "bounceability" and very easy cleaning make this playful new range of products truly unique, with a design and function all of its own.

"Design for those who believe in diverse voices, who love being surrounded by objects and people to get attached to.

Colours and transparencies.

Now and for ever".

**ivan ervas

"DIE UNZERBRECHLICHEN", die nachgeben können und dennoch im Form bleiben.

Play Me besteht aus gesundheitlich völlig unbedenklichen Silikon. Seine transparente und geschmeidige Oberfläche und die leichte einfache Reinigung machen diese Produktreihe innovativ, verspielt und einzigartig sowohl in ihrem Design als auch in ihrem Gebrauch.

"Ein Design für alle, die Vielseitigkeit lieben und sich gerne mit Gegenständen und Personen umgeben, die man mag.
