Dal 1956 ci dedichiamo alla trasformazione di terra, acqua e fuoco per creare elementi da bagno in ceramica unici ed originali. Lavorazioni artigianali, cura del dettaglio, spasmodica ricerca della materia, per prendere le distanze dai prodotti di serie. Realizziamo oggetti dedicati a chi non ama seguire gli schemi e le mode, ma cerca un mondo “su misura” che gli assomigli, che racconti e dia il senso della propria identità, unica ed irripetibile. In questo catalogo presentiamo solo alcune delle infinite possibilità di personalizzazione dei nostri prodotti. Scegliete il modello, la forma, gli accostamenti e la finitura che più vi assomiglia, diventate autori del vostro habitat!

LA NOSTRA VISIONE

La nostra visione è quella di creare un mondo Vitruvit unico, dove l'arte della ceramica incontra l'essenza dell'identità individuale. Dal 1956, ci siamo dedicati con passione alla trasformazione di terra, acqua e fuoco, dando vita a elementi da bagno in ceramica che sono vere e proprie opere d'arte. La nostra produzione è caratterizzata da lavorazioni artigianali e una spasmodica ricerca della materia, unendoci insieme alla cura del dettaglio per creare pezzi esclusivi che si discostano dai prodotti di serie convenzionali. Vogliamo offrire ai nostri clienti la possibilità di esprimere la propria individualità attraverso il design unico e ricercato dei nostri articoli, fornendo una vasta gamma di personalizzazione. Crediamo che i nostri sanitari siano molto più di semplici oggetti per il bagno; sono espressione di un mondo "su misura" che riflette e racconta la personalità di chi li possiede. Ogni pezzo che realizziamo è pensato per chi desidera allontanarsi dagli schemi e dalle mode, abbracciando un'estetica autentica e irripetibile. La nostra estrema cura del dettaglio si riflette in ogni fase della produzione, con un'attenzione particolare alle finiture di alta classe. Ogni articolo Vitruvit è un risultato dell'eccellenza artigianale italiana, realizzato con passione e dedizione. Siamo orgogliosi di essere un'azienda italiana che mantiene la tradizione dell'artigianato, con una produzione completamente Made in Italy. Questa è la nostra firma, e siamo convinti che sia garanzia di qualità e autenticità per i nostri clienti. Il nostro catalogo presenta solo alcune delle innumerevoli possibilità di personalizzazione dei nostri prodotti, perché vogliamo che i nostri clienti diventino gli autori del proprio habitat. Scegliere il modello, la forma, gli accostamenti e la finitura che rispecchiano al meglio la loro identità e il loro gusto, è il modo migliore per vivere il bagno come uno spazio unico e speciale. In Vitruvit, il bagno non è solo una stanza funzionale, ma un luogo in cui l'arte, il design e l'identità si fondono per creare un'esperienza straordinaria. La nostra missione è continuare a sorprendere e ispirare i nostri clienti con la nostra produzione artigianale di sanitari, rendendo i loro spazi intimi e unici, proprio come loro stessi.

Our vision is to create a unique Vitruvit world, where the art of ceramics meets the essence of individual identity. Since 1956 we committed ourselves with passion to the transformation of earth, water and fire, giving life to ceramic bathroom elements that are real artworks.

Our production is characterized by craftsmanship and a frantic search for materials, combined with attention to detail to create exclusive pieces that differ from conventional products. We want to offer our customers the opportunity to express their individuality through the unique and refined design of our items, providing a wide range of customizations.

We believe that our sanitaryware are much more than simple

objects for the bathroom, they are the expression of a "tailor made" world that reflects and tells the personality of the owner. Each piece we produce is designed for those who want to get away from the schemes and fashions, embracing an authentic and unrepeatable aesthetic. Our attention to detail is reflected in every stage of production, with particular attention to high-glass finishes. Each Vitruvit product is a result of Italian craftsmanship, made with dedication and passion. We are really proud to be an Italian company that maintains the tradition of craftsmanship, with a completely Made in Italy production. This is our signature, and we are convinced that it is a guarantee of authenticity and quality. Our catalog presents just some of the many possibilities for customizing our products, because we want our customers to become the authors of their own habitat. Choosing the models, shapes, combinations and finishes that best reflect their identity and taste is the best way to experience the bathroom as a unique and special space. Here at Vitruvit, the bathroom is not just a functional room, but a place where art, design and identity merge to create an extraordinary experience. Our mission is to continue to surprise and inspire our customers with our handcrafted production, making their spaces intimate and unique, just like themselves.

PASSIONE, TEMPO, INNOVAZIONE.

Da oltre mezzo secolo, ci dedichiamo con passione all'arte della ceramica, unendo la maestria artigianale del passato con un'incessante ricerca dell'innovazione. Il tempo è il nostro alleato più prezioso, poiché ogni pezzo che realizziamo richiede cura e dedizione per ottenere la perfezione. Ogni dettaglio è trattato con estrema attenzione, un tributo al nostro impegno verso la qualità senza compromessi.

L'innovazione non è solo nella forma e nella funzione dei nostri prodotti, ma anche nell'approccio alla personalizzazione. Scegliere un elemento da bagno Vitruvit significa diventare un co-creatore, unendo la nostra esperienza all'immaginazione dei nostri clienti. Il risultato è una sinergia di idee, che si traducono in pezzi unici, capaci di raccontare storie personali ed emozionare.

Ci impegniamo ad essere sempre all'avanguardia, perché crediamo che il nostro lavoro debba contribuire a trasformare il vostro bagno in uno spazio straordinario. Un ambiente dove il tempo si ferma per dare spazio alla bellezza e all'armonia, dove la passione si traduce in autenticità e sentimento, dove l'innovazione apre nuove porte verso il futuro.

MONOCOTTURA

Vitruvit propone una gamma di colori ispirati alla natura e realizzati con una tecnica di smaltatura che avviene in prima ed unica cottura a 1250° e non necessita quindi di ulteriore cottura. L'utilizzo di un solo trattamento termico si traduce in maggior qualità e brillantezza. Inoltre garantisce maggior resistenza all'usura ed agli sbalzi termici e ne facilita la pulizia. Finiture resistenti, satinata, dal piacevole effetto touch e smalti brillanti sono frutto di una ricerca finalizzata a creare prodotti di qualità, durevoli nel tempo. La gamma comprende 11 colori Matt (oltre al White Agate e Graphite) e 8 lucide ed è tutt'ora in evoluzione.

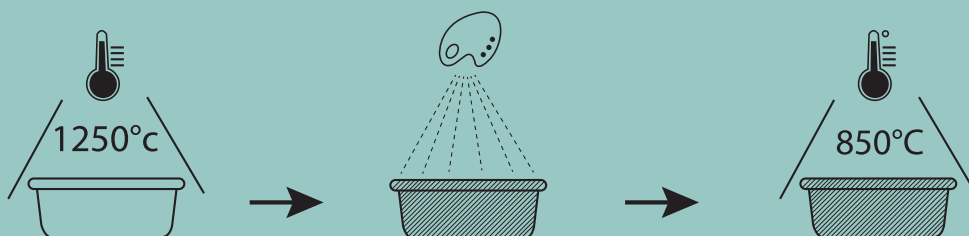

Vitruvit offers a wide range of colors inspired by nature and made with a glazing technique that takes place in the first and only firing at 1250° and does not require further firings. Using only one heat treatment results in higher

quality and gloss. It also guarantees greater resistance to wear and thermal shock and facilitates cleaning. Resistant, satin finishes, with a pleasant touch effect and shiny enamels are the result of research aimed at creating quality products that last over time. The range includes 11 mat colors (other than White Agate and Graphite), 8 glossy colors and is still evolving.
