

Fiore Pinardi

La Bottega di Mastro Fiore nasce nel 1991 da un'idea di Fiore Pinardi, erede di una tradizione che, nella lavorazione del legno, si tramanda da padre in figlio dal lontano 1888. L'attività inizia con la produzione di mobili e arredamento per interni riservata ad una clientela privata per poi svilupparsi, avvalendosi di una grande innovazione tecnologica, nel settore dell'arredo bagno. Nel corso degli anni il perfetto equilibrio tra progetto, prodotto, ricerca e specializzazione porta l'Azienda alla creazione di una propria identità che saltando gli schemi si propone al mercato globale.

The Workshop of Master Fiore was established in 1991 and it originated from an idea of Fiore Pinardi, the heir to a tradition of wood-working handed down from fathers to sons since 1888. This enterprise began with the production of furniture and home furnishings exclusively for private clients. This production later expanded into the bathroom furnishing field by taking advantage of significant technological innovations. In recent years, the perfect balance between project, product, research and specialization has allowed the company to create its own identity, free from previous restrictions, and to participate in the global market.
