LIVING BATHROOM NEW VISION

Nata nel 1990, l'azienda, che vanta una lunga storia fatta di tradizione e ricerca nella creazione di nuovi prodotti, fa oggi rivivere il bagno in una prospettiva tutta nuova. Valli Arredobagno va oltre il concetto del bagno, proponendo un design innovativo che utilizza materiali pregiati, lavorazioni accurate e tecnologie all'avanguardia. Il luogo più intimo della casa si trasforma così in un ambiente raffinato ed elegante, all'insegna del benessere. Quella di Valli Arredobagno è una storia in cui stile e qualità si sono legati in modo armonioso, regalando ad ogni singola collezione estrema versatilità e possibilità di inserimento in qualsiasi dimensione spaziale. Il rinnovamento in atto, che fa tesoro di questo passato e dell'esperienza maturata, rafforza i punti di eccellenza e allarga la collaborazione con i principali designer del settore, per dare vita ad oggetti che soddisfino desideri ed esigenze diverse. Grazie all'attenzione e alla cura per i dettagli, Valli Arredobagno trasforma un semplice "luogo del quotidiano" in un intrigante rifugio, ricco di luce, colore e benessere. Tutte le forme geometriche che caratterizzeranno le collezioni Valli Arredobagno si distinguono per l'eleganza, il gusto raffinato e l'estrema versatilità. Potrà accadere così che le forme più arrotondate o spigolose si sposino perfettamente con gli ambienti più diversi, creando un insieme armonico e regalando a ciascuno la possibilità di personalizzare la propria stanza da bagno. Ciò che accomuna i prodotti Valli Arredobagno è la capacità di associare sottilmente razionalità e minimalismo, forme classiche a linee eclettiche per anticipare tendenze e continuare a sorprendere.

Founded in 1990, the company – which boasts a long history based on tradition and a constant search for the creation of new products – gives the bathroom a revival today with a completely new perspective. Valli Arredobagno goes beyond the bathroom concept, by focussing on innovative design using precious materials, accurate manufacturing and leading technologies. The most intimate place of the house therefore becomes a refined and elegant environment, aimed towards wellbeing. In the history of Valli Arredobagno, style and quality have harmoniously combined, giving total versatility to every collection, as well as a possibility of entering every spatial dimension. The ongoing renewal, which treasures the past and the mature experience, reinforces the excellence points and enlarges the collaboration with the main designers in this field, in order to create objects which satisfy different desires and needs. Thanks to the attention and care for details, Valli Arredobagno transforms a simple "ordinary place" into an intriguing refuge, enriched with light, colour and wellbeing. All the geometrical shapes which characterize Valli Arredobagno collections stand out by reason of their elegance, refined taste and complete versatility. It can therefore happen that the most rounded or sharp-edged shapes perfectly blend within the most varied environments, creating a harmonious ensemble and giving everyone the possibility of personalising their own bathroom. What joins Valli Arredobagno products is the capacity to successfully associate rationality and minimalism, classical shapes to eclectic lines in order to anticipate trends and go on surprising.

La qualità dei nostri prodotti sfida il tempo. The quality of our products is our challenge to the time.

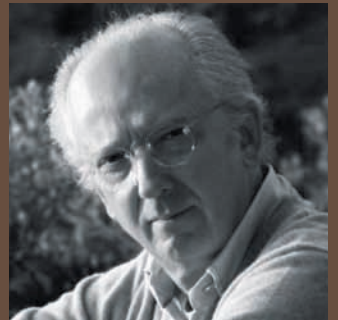

Valli Arredobagno attesta che il trattamento di cromatura dei propri prodotti è garantito 10 anni.

La splendida tonalità grigia tendente all'azzurro, è la tipica colorazione che assume ogni prodotto che ha subito un processo galvanico di cromatura effettuato a "regola d'arte" e risponde in termini estetici alle esigenze di Architetti, Arredatori e del pubblico più esigente e raffinato. Per la pulizia raccomandiamo di utilizzare esclusivamente un panno morbido eventualmente inumidito con acqua. Assolutamente non devono essere usati prodotti contenenti acidi corrosivi di ogni genere, specialmente acido cloridrico, anche se in piccole percentuali. Si declina ogni responsabilità derivante da utilizzo improprio dei prodotti o da mancata osservanza di quanto sopra indicato.

Valli Arredobagno attests that the chrome treatment of its products is guaranteed 10 years.

The brilliant grey shade tending to light blue is the typical colouring which each product takes after a workmanlike galvanic process of chrome plating and it meets the aesthetic demands of Architects, Interior Designers and of a more exigent and refined public. For its cleaning it is recommended to use only a soft, possibly water moist cloth. It is absolutely recommended not to use any products containing any kind of corrosive acids, especially hydrochloric acids, even if in small quantities. Valli Arredobagno declines any responsibility due to improper use of the products or non-observance of what above mentioned.

***IL METODO RAKU / THE RAKU METHOD**

Il metodo Raku, usato dal IX secolo, è detto "ceramica terzo fuoco con lustri metallici" ed è considerata la più preziosa e pregiata fra le lavorazioni della ceramica. I lustri metallici dati in terza cottura sono strati sottili di oro e platino.

The Raku method, used from the IX century, is called "third fire baked clay with metallic layers" that is considered the most valuable and fine system among the ceramics manufacture. The metallic layers given in third baking are thin layers of gold and platinum.
