Cabina doccia frontale o angolare

Cabina doccia spaziosa caratterizzata da area di accesso dedicata e anta fissa. Il vano di accesso alla doccia è libero, senza porta, con apertura di cm. 80. È possibile il montaggio anche senza piatto doccia: una guarnizione inferiore consente di isolare la parete in vetro dal piano di appoggio.

Frontal or angular shower enclosure

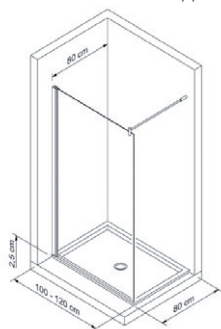

Spacious shower enclosure, featured by dedicated access area and fixed panel. The access area to the shower is open, doorless, with opening cm. 80. Possible installation also without shower tray: a lower gasket allows to isolate the glass panel from the supporting surface.

Cabina doccia spaziosa caratterizzata da area di accesso dedicata e due pareti fisse. Il vano di accesso alla doccia è libero, senza porta, con apertura cm 50. È possibile il montaggio anche senza piatto doccia: una guarnizione inferiore consente di isolare le pareti in vetro dal piano di appoggio. RIC 830

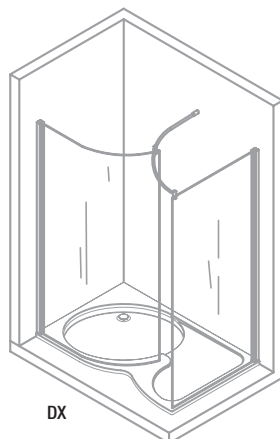

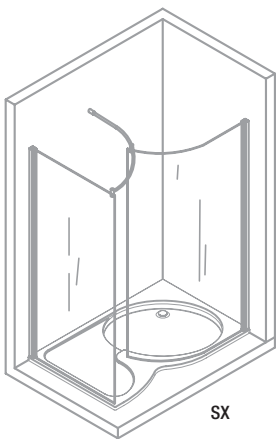

Corner shower with two panels

Spacious shower enclosure, featured by dedicated access area and two fixed panels. The access area to the shower is open, doorless, with opening cm 50. Possible installation also without shower tray: a lower gaskets allows to isolate the glass panels from the supporting surface.
